TO WHOM SOEVER IT MAY CONCERN

This is to inform you that patient Mr. N.KARTHIK (UMR52860), aged 07 Years male, is a known case of Acute Myeloid Leukemia (AML). Patient is planned for treatment Allogeneic Bone Marrow Transplantation (BMT) which has to be done at the earliest and is the recommended treatment for him. The approximate cost of the above treatment is Rs.15,00,000/- (Rupees Fifteen Lakh only). The approximate duration of the treatment is 30 days.

This is the approximate cost of Bone Marrow/ Stem Cell Transplantation. The cost may go up or down depending on complications during SCT (like repeat harvest, complaining requiring intensive care like mechanical ventilation and dialysis).

Thanking you

For Mahatma Gandhi Cancer Hospital & Research Institute.
